FOR IMMEDIATE RELEASE

COLUMBIA MEDICAL EXPANDS ITS LINE OF BATHROOM SAFETY SYSTEMS

New EliteVerse™ and OmniVerse™ Transfer Systems Offer More Versatility for the Family

SANTA FE SPRINGS, CA – August 22, 2011 – Columbia Medical continues its focus on bathroom safety and care with the addition of two new products to its line of transfer systems. The NEW versatile transfer systems let you choose the POSITIONING SEATING to FIT THE INDIVIDUAL and the TRANSFER BASE to FIT THE BATHROOM without costly customization and bathroom modifications.

The standard configurations of the Elite™ and Omni™ Transfer Systems will continue to be available on the foldable transfer frame but now the Elite and Omni bath seats are also available on a compact transfer frame. This new transfer frame configuration has an 18"x18" tub base which fits inside the tub and is ideal for small bathrooms.

All New Transfer Systems

EliteVerse™ Bath/Shower Transfer System

OmniVerse™ Bath/Shower/Commode Transfer System

All of Columbia Medical's transfer systems can be used in homes or facilities without any bathroom modifications. The goal is to provide safer transfers by eliminating lifting of the individual within the wet bathroom environment and reduce the number of transfers by providing multi-functional systems. The systems are built with sturdy aluminum frames to maximize safety and life span. To even further its life span, the bath chair can be changed (grown) to the next size for a fraction of the cost of a new chair.

For more than 30 years, Columbia Medical has provided quality assistive products for individuals with special needs. As we focus on *Solutions for Daily Living*, it is our goal to be the first-choice provider and to offer our dealers unsurpassed service and support, reliable on-time delivery, and a sincere understanding of their clients' unique requirements.

Columbia Medical is located at 11724 Willake, Santa Fe Springs, CA 90670. For more information, please contact us at (800) 454-6612 or visit the website at www.columbiamedical.com
